

Takoma Transportation Study

Boundary Map # 2

Takoma Metro Station

This is the proposed location for the Eakin Youngentob (EYA) Development:
EYA proposes a +/- 150,000 sq. ft. development with 90 single-family town homes

This is the Takoma Metro Station, which is at the heart of the study area

Blair, Cedar/Carroll and 4th St. NW:
This intersection is the best example of a mixed use (residential and commercial) location in the study area

Blair, Cedar/Carroll St, and 4th St, NW:
This intersection is in the center of the Takoma DC Central Business District
